EDUCATION

Computer University

Bachelor of Computer Science(B.C.Sc)

Monywa, Myanmar

2013 – 2018

EXPERIENCE

Frontend Developer (Reactjs / Next.js)

Soubu • Full Time

May 2023 – June 2025

Japan, Remote

- Developed a comprehensive content management system (CMS) using React.js, Redux Toolkit, and Material-UI for an intuitive and visually appealing interface.
- Implemented Redux for efficient state management, ensuring consistent data flow throughout the application.
- Integrated Amazon Rekognition's custom label functionality and self-trained models for enhanced image analysis capabilities.
- Fine-tuned image recognition algorithms to improve accuracy and relevance of content categorization within the CMS.
- Developed the company's internal portal website using Next.js app router, TypeScript, ShadCN/UI, Tailwind CSS, Context API, React Hook Form, and NextAuth.
- Implemented features such as announcements, spaces, employee chat, activities, and libraries, ensuring a modern and user-friendly interface.
- Collaborated with cross-functional teams to align projects with company goals and deliver high-quality solutions.

Frontend Developer(Reactjs / Next.js)

MWC (Myanmar Web Creator) . Full Time.

Oct 2022 – Jan 2023

Myanmar, On site

- Spearheaded the development of a cosmetic e-commerce platform as a Frontend Developer, delivering an engaging and responsive online shopping experience.
- Implemented Next.js for efficient server-side rendering and seamless navigation throughout the shopping platform.
- Utilized Material-UI and Tailwind CSS to create visually appealing, responsive interfaces with consistent design language.
- Employed Zustand for efficient state management, ensuring smooth data flow and optimized performance across the application.
- Designed and implemented intuitive user journeys to enhance the overall shopping experience and improve conversion rates.
- Demonstrated adaptability by seamlessly integrating multiple frontend technologies to create a cohesive user experience.
- Showcased commitment to delivering sophisticated solutions in the competitive e-commerce landscape through innovative frontend practices.

Developer

DAT(Dir-Ace-Technology) . Full Time

Feb 2022 – Sep 2022

Myanmar, On site

- Specialized in managing and configuring Zabbix monitoring systems to ensure optimal infrastructure performance.
- Pursued structured Golang learning initiatives aligned with specific project requirements and deadlines.
- Transitioned efficiently between Zabbix monitoring configurations and Golang development tasks based on project needs.

- Developed a holistic skill set spanning both operational monitoring and programming domains.
- Adapted seamlessly to diverse technical requirements by applying both infrastructure monitoring expertise and coding capabilities.
- Demonstrated versatility by balancing day-to-day monitoring operations with periodic coding projects and challenges.
- Contributed effectively to team objectives through a commitment to continuous skill development and technical adaptability.

Full Stack Developer(Java, Angular)

MIT (Myanmar Information Technology) | Full Time

Oct 2019 – April 2021

Myanmar, On site

- Developed a sophisticated microfinance project at MIT, creating a comprehensive web application solution.
- Crafted a user-centric frontend interface using AngularJS and Bootstrap, ensuring seamless user experience and responsive design.
- Implemented a robust backend architecture with Java and Microsoft SQL Server, prioritizing data integrity and security.
- Embraced Agile methodologies to facilitate collaboration among cross-functional teams, promoting adaptability and efficient project delivery.
- Integrated Azure cloud services to enhance the project's scalability, performance, and availability.
- Demonstrated technical prowess through end-to-end development, from requirement analysis to deployment and maintenance.
- Applied a commitment to delivering high-quality, innovative solutions while staying at the forefront of technological advancements.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML/CSS, Java

Frontend: React.js, Next.js (14+), React Native (Expo), Material-UI, ShadCN/UI, Tailwind CSS, Jest

State Management & Forms: Context API, Redux Toolkit, Zustand, React Query, React Hook Form, Formik

Backend: Node.js, Express.js, Nest.js, Redis

Authentication: NextAuth, Better Auth, JWT

Databases & ORM: PostgreSQL, Prisma

Cloud Services: AWS (S3, Rekognition Custom Labels)

DevOps & Containerization: Docker, GitHub Actions

Tools & Platforms: Git, GitHub, VS Code, Trae, Figma, Slack, ClickUp, GitHub Projects

Methodologies: Agile, Scrum

CERTIFICATIONS

- Professional Web Developer (Ei Maung-Fairway)
- A+ / Networking (Computer University, Monywa)
- Essential Skills for Business (Strategy First)

LANGUAGES

- English (Working Proficiency)
